

Optimise site and carrier resources for your trucks with the Genius 5.0 Time Slot App

Allow your carriers / customers to automatically book a time slot in advance for loading through an app on PC, smartphone or tablet.

To date, our cloud-based systems have helped our clients significantly reduce labour spent on slot bookings, evenly spread the arrival of trucks, eliminate double bookings and increase efficiency of their weighbridge and plant.

What Makes The Genius 5.0 Time Slot App More Powerful and Competitive than its competitors?

Developed by Gordyn & Palmer software engineers this state-of-the-art cloud-based system is both cost and production effective and can be used for:

- Weighbridge
- Incoming materials
- Carrier / customer truck time slot bookings
- Carrier administration access for multiple truck bookings
- Production ordering
- Order Status
- 24/7 support
- Customised reporting
- Seamless Interface to ERP, weighbridge and batching software packages
- Available for download on Apple App or Google Play Store

“Gordyn & Palmer supplied the electrical and automation system at our new feedmill. We are very happy with not only the product supplied by Gordyn & Palmer, but their efficiency in commissioning it, and the backup support they have provided afterwards.”

**Darren Frankling Director
Frankling Custom Feeds –
Barham NSW**

“The Gordyn & Palmer Genius systems are trusted by us as a reliable system with high uptime. Customer service is responsive and always helpful.”

**Marcus Caratti
Technical Analyst
Fulton Hogan**
